Annex 2
Salaries

Annex 2, Salaries of the published version of OIML B 7:2013 (page 43) currently reads:

The annual gross salary is determined by multiplying the BIML salary index point by the INSEE (French National Institute for Statistics and Economic Studies) “Consumer price index (monthly, all households, France, base 1998) – Overall” index.

The INSEE index (IINSEE) was fixed at 100 in December 1998.

Annual gross salary (Euros) = BIML salary index point × IINSEE.

The INSEE index value used by the BIML is determined quarterly and corresponds to the value of the last month of the previous quarter as published in the Official Journal of the French Republic.

<http://www.insee.fr/en/bases-de-donnees/bsweb/serie.asp?idbank=000639196>

The text should be amended to read:

The annual gross salary is determined by multiplying the BIML salary index point by the INSEE (French National Institute for Statistics and Economic Studies) “Consumer price index - Base 2015 - All households - France - All items - Identifier 001759970” index, multiplied by a correction factor to account for an adjustment to the INSEE index (IINSEE) in December 2015.

Annual gross salary (Euros) = BIML salary index point × IINSEE × 1.2790

The IINSEE used by the BIML is determined quarterly and corresponds to the value published for the final month of the last but one completed quarter as published in the Official Journal of the French Republic.

Note:

The IINSEE was originally fixed at a value of 100 in December 1998 and had increased to 127.90 by December 2015.

The IINSEE was then adjusted and fixed at a value of 100 in December 2015, so the correction factor to be applied is therefore $127.90/100 = 1.2790$.

Foreword

The International Organization of Legal Metrology (OIML) is a worldwide, intergovernmental organization whose primary aim is to harmonize the regulations and metrological controls applied by the national metrological services, or related organizations, of its Member States. The main categories of OIML publications are:

- **International Recommendations (OIML R)**, which are model regulations that establish the metrological characteristics required of certain measuring instruments and which specify methods and equipment for checking their conformity. OIML Member States shall implement these Recommendations to the greatest possible extent;
- **International Documents (OIML D)**, which are informative in nature and which are intended to harmonize and improve work in the field of legal metrology;
- **International Guides (OIML G)**, which are also informative in nature and which are intended to give guidelines for the application of certain requirements to legal metrology;
- **International Basic Publications (OIML B)**, which define the operating rules of the various OIML structures and systems; and

OIML Draft Recommendations, Documents and Guides are developed by Project Groups linked to Technical Committees or Subcommittees which comprise representatives from OIML Member States. Certain international and regional institutions also participate on a consultation basis. Cooperative agreements have been established between the OIML and certain institutions, such as ISO and the IEC, with the objective of avoiding contradictory requirements. Consequently, manufacturers and users of measuring instruments, test laboratories, etc. may simultaneously apply OIML publications and those of other institutions.

International Recommendations, Documents, Guides and Basic Publications are published in English (E) and translated into French (F) and are subject to periodic revision.

Additionally, the OIML publishes or participates in the publication of **Vocabularies (OIML V)** and periodically commissions legal metrology experts to write **Expert Reports (OIML E)**. Expert Reports are intended to provide information and advice, and are written solely from the viewpoint of their author, without the involvement of a Technical Committee or Subcommittee, nor that of the CIML. Thus, they do not necessarily represent the views of the OIML.

This publication, OIML B 7 *BIML Staff regulations*, is the result of decisions taken by the CIML in application of the provisions of the *Convention* establishing the OIML which relate to the staff of the International Bureau of Legal Metrology (BIML or Bureau). This 2013 edition takes into account current best practice in the content of this type of manual and incorporates clarifications of practices already in place at the BIML.

OIML Publications may be downloaded from the OIML web site in the form of PDF files. Additional information on OIML Publications may be obtained from the Organization's headquarters:

Preamble

Applicable regulation

These Regulations and Annexes include the procedures that shall apply to the staff members of the International Bureau of Legal Metrology (hereafter referred to as the BIML).

The Regulations set out the fundamental conditions of employment, namely the duties and obligations as well as the basic rights of the staff members of the BIML and sets forth the broad principles of staff policy.

Notes:

Note 1: When these Regulations refer to “he”, “his” or “him”, they are also deemed to apply to “she”, “her” or “her”, unless clearly stated otherwise.

Note 2: Annex 9 explains how these Regulations apply to the Director and Assistant Director(s).

General provisions

Language

These Regulations are available in French and English. In any case of interpretation of these Regulations, the authoritative version shall be the French version.

Entry in force

Entry into force of these Regulations:

- these Regulations are approved by the CIML, on proposal by the Director, in conformity with the *Convention Establishing an International Organization of Legal Metrology*;
- these Regulations replace all previous editions of the Staff Regulations for all applicable staff members.

Amendment

The CIML may revise, amend or amplify the provisions of the present Regulations without, however, prejudicing the rights previously enjoyed by staff members already serving.

Dissolution of the Organization

In the event of dissolution of the Organization or of a merger with another international organization, the provisions concerning the staff members shall be decided by the Committee and the Conference, each for its field of responsibility.

Chapter I

Obligations, responsibilities and privileges

1 Independence, duties and responsibility

1.1 Independence and duties

The duties of a staff member of the BIML are international in character. A staff member shall carry out his duties and regulate his conduct in a way which is independent of any influence external to the OIML. He shall always keep the interests of the OIML in mind, in accordance with the Code of Conduct (see Annex 3).

1.2 Responsibility

A staff member shall be responsible for the execution of the tasks entrusted to him. If he causes damage to the OIML as a result of willful acts or gross negligence during, or in connection with, the discharge of his duties, the Director may initiate a disciplinary action against him and may hold him financially responsible for all or part of the damage.

2 Privileges and immunities

2.1 Privileges and duty immunities

In order to discharge his duties of international character, a staff member shall enjoy privileges and immunities as specified in extracts of the *Accord de Siège* found in Annex 1. These are only conferred upon him in relation to his duties related to the OIML and their assertion is strictly regulated by the Code of Conduct (see Annex 3).

2.2 Protection

A staff member who is, or has been, threatened because of actions undertaken on behalf of the OIML or because of his status as a staff member of the BIML shall be entitled to the OIML's protection (e.g. a contribution to his legal defense expenses). The staff member shall continue to enjoy such protection after he has left the BIML in relation to the actions accomplished in the exercise of his duties undertaken while working for the BIML.

Chapter II

Staff and appointment

3 Structure and workforce

3.1 Staff members

The BIML staff members include a Director, Assistant Director(s), administrative, technical and support staff members. All BIML staff members are covered by this Basic Publication (see also Annex 9).

3.2 Appointing Authority of the Director

The CIML shall appoint the Director and, should the case be so, terminate his appointment (see OIML B 1 *OIML Convention* and OIML B 13 *Procedure for the appointment of the BIML Director and Assistant Director(s)*). The CIML President shall specify the conditions of employment of the Director in a letter of appointment.

3.3 Appointing Authority of an Assistant Director

The CIML shall appoint an Assistant Director and, should the case be so, terminate his appointment (see OIML B 1 *OIML Convention* and OIML B 13 *Procedure for the appointment of the BIML Director and Assistant Director(s)*). The Director shall specify the conditions of employment of the Assistant Director in a letter of appointment.

3.4 Appointing Authority of other staff members

The Director shall appoint other staff members and, should the case be so, terminate their appointment (see OIML B 1 *OIML Convention*). The Director shall specify the conditions of employment of the other staff members in a letter of appointment. The Director shall inform the President in advance of the appointment of such staff members. The Director shall inform the CIML at the next scheduled meeting or by separate correspondence, no more than three months after the appointment.

3.5 Other workers

Consultants, secondees, interns and persons appointed under 7.3 are appointed by the Director. They shall not be considered as BIML staff members and shall therefore not benefit from the rights and privileges that staff members benefit from. However, their conditions of employment may draw upon this Basic Publication and are defined in their contract. The Director shall inform the President in advance of the appointment of such other workers.

3.6 Non-discrimination

There shall be no discrimination against a staff member on grounds of nationality, age, race, origin, religion, physical appearance, gender, sexuality or handicap.

4 Staff member categories, posts, scales and grades

4.1 Categories I, II, III and IV

A description of staff members' categories is given in extracts of the *Accord de Siège* in Annex 1. The category of each staff member is determined by the Government of the French Republic, based on the post and description supplied by the BIML.

4.2 Post, scale and grade

The table in Annex 2 specifies the scale and grade attached to the posts at the BIML. A staff member's job description and responsibilities shall be associated with the post, scale and grade specified in that table.

4.2.1 Additional posts

Posts may be added at any time by the Director, within the financial limitations of the OIML, to allow for changes in work requirements. The Director must notify the CIML President prior to any change to the posts.

5 Recruitment, appointment and fitness

5.1 Post to be filled

A vacancy notice shall be created for any post to be filled, except where an existing member of staff has their post enhanced by additional duties (see 9.7). It shall specify the full job description, including the duties and the required qualifications and may be published either within the BIML, or externally, or both. If the vacancy is published internally, any BIML staff member may apply. Note: Advertisements and vacancy notices for the posts of Director and Assistant Director(s) shall follow the procedure in OIML B 13.

5.1.1 Travel reimbursement for interview

Applicants interviewed for recruitment shall be entitled to the reimbursement of their travel costs, upon receipt by the BIML of invoices and evidence in accordance with the provisions applying to travel on missions (see Annex 4). Where it is considered necessary, a *per diem* may be granted to cover the cost of accommodation and meals in relation to the interview. The BIML may provide for advance payment of the expenses.

5.1.2 Informing applicants

All unsuccessful applicants shall be informed by the official representative of the appointing authority of the decision made regarding their applications.

5.2 Notification of appointment

The successful candidate shall be notified of his appointment by a letter signed by the official representative of the appointing authority. The notification of appointment shall specify to the new staff member the conditions of his employment, notably the post, scale, grade and his potential category when taking up duty, the starting date, salary and benefits, the duration of the appointment, duties and their location, as well as the authority of the Director to amend, based on mutual agreement, such conditions of employment. This letter shall be written in English and in French and shall be accompanied by a copy of the present Basic Publication (OIML B 7) in English and in French.

5.3 Acceptance and binding effect

The appointed candidate shall notify the official representative of the appointing authority in writing of his acceptance of the terms set out in the notification of appointment and in OIML B 7. He shall state explicitly that he fully understands the contents of the letter of appointment and OIML B 7. Upon the BIML's receipt of the letter of acceptance, the appointment shall take effect and shall be binding on both parties; a personal file shall then be created in the name of the appointed candidate. However, an appointment shall only be considered confirmed after the probationary period has been successfully completed as mentioned in 6.

5.3.1 Status and content of personal file

The Director shall keep only one personal file for each staff member. This personal file shall contain all documents concerning the staff member's administrative situation together with all reports on his work and the way in which he served at the BIML and, as the case may arise, his written comments. The personal file shall not include medical documents. The BIML Administrator, Finance shall keep the Director's personal file.

5.3.2 Confidentiality and communication of personal file

The personal file shall be confidential. In the presence of the Director, the staff member concerned shall be entitled to review and make copies of his personal file.

5.3.3 Removal of documents from personal file

No document placed in the personal file may be removed, except when a formal disciplinary proposal has not led to a sanction or when a decision notified to the concerned staff member is dismissed. In those cases, the sub-file including all the documents attached to the sanction's proposal or to the decision shall be removed from the personal file and destroyed.

5.4 Fitness

Members of staff are required to undergo a medical examination aimed at checking whether they are fit to carry out their duties when taking up duty, and then every two years thereafter by the occupational health care services. A written certificate, completed and signed by a medical examiner indicating only whether the staff member is fit to carry out his duties, including any limitations, shall be submitted to the Director after any examination.

6 Probationary period

6.1 Duration of the probationary period

The probationary period for a new appointment is six months, renewable once, for an additional period of up to six months, if necessary. This information shall be clearly specified in the contract.

6.2 Confirmation of appointment

A new appointment shall only be considered as confirmed after the successful completion of the probationary period. The Director shall make a decision with regard to the confirmation of the appointment and make this decision known to the staff member in writing.

6.3 Work performance evaluation during the probationary period

The work performance during the probationary period is appraised in writing by the Director.

6.4 Termination of employment during the probationary period

During the probationary period the employment may be terminated:

- by the Director at any time without notice or indemnity but with a full description of the reasons, or
- by the staff member without notice.

6.4.1 Termination of employment during the probationary period by the Director

Should the employment be terminated during the probationary period by the Director, any installation allowance and/or removal allowance already paid to the staff member by the BIML when taking up duty shall not be claimed back from the staff member. The BIML shall not, however, be required to pay the removal allowance upon the staff member's termination. The BIML shall not pay any indemnity.

6.4.2 Termination of employment during the probationary period by the staff member

Should the employment be terminated during the probationary period by the staff member, the BIML reserves the right to claim back from the staff member any installation allowance and/or removal allowance paid to the staff member when taking up duty or to deduct them from the monies still to be paid to the staff member. The BIML shall not pay any additional removal allowance upon the staff member's termination. The BIML shall not pay any indemnity.

7 Term of appointment

7.1 Indefinite-term appointment for staff members other than the Director and the Assistant Director(s)

Upon confirmation (6.2) the term of the appointment for any staff member other than the Director and the Assistant Director(s) is indefinite.

7.1.1 Reasons for ending an indefinite-term appointment

Reasons for ending an indefinite-term appointment are described in Chapter VIII.

7.2 Fixed-term appointment for the Director and the Assistant Director(s)

7.2.1 Initial fixed-term appointment

The duration of the initial fixed-term appointment is up to five years.

7.2.2 Renewal of fixed-term appointments

At least 12 months before the expiry of his appointment, the Director or Assistant Director shall be informed by the President either that:

- a) a recommendation will be made to the CIML to renew the appointment for a fixed-term up to five years, or
- b) a recommendation will be made to the CIML not to renew the appointment.

7.2.3 Reasons for non-renewal of a fixed-term appointment

Reasons for non-renewal of a fixed-term appointment are described in Chapter VIII.

7.3 Specific task of limited duration

A person may be appointed for a specific task of limited duration, in which case he is not considered to be a staff member of the BIML. The appointment shall be for a fixed-term, which shall depend on the duration of the task. The duration of this task may be extended subsequently in relation to the evolution of the said task. Such extension does not create any entitlement to conversion of the appointment to a fixed-term or an indefinite-term appointment. Should the extension of the person's initial appointment be contemplated, he shall be informed before it is due to end. All rights, privileges, salary, allowances and benefits must clearly be identified in the agreement regarding the specific task of limited duration and signed both by the person appointed and by the Director.

8 Secondment

8.1 Staff seconded to the BIML

A staff member of a Member State's government or national institute may be seconded to the BIML, subject to conditions and for a term set out in the secondment agreement.

8.1.1 Early termination of the secondment

Where the secondment is to be terminated early, the BIML shall inform the seconding host as soon as possible in order to allow the necessary arrangements to be made for the timely reassignment of the seconded staff member.

8.1.2 Rules and authority of the BIML for seconded staff

Although he is not considered to be a BIML staff member during the duration of his secondment, a secondee shall nevertheless be subject to the BIML's Code of Conduct (see Annex 3) and shall work under the exclusive authority of the Director or his representative. The Director's representative, if any, shall be designated in the secondment agreement.

Chapter III

Salary, objectives, performance evaluation and related topics

9 Salary, advancement, objectives, performance evaluation, promotion, loans

9.1 Establishment of scale and grade

Based on recommendations of the Director, the CIML shall periodically review and establish the salary scales and grades found in Annex 2, taking into account the general evolution of general salaries and also those paid by other intergovernmental organizations operating in France.

9.2 Salary scale

The unit of the salary scale shall be the “BIML salary index point” (see Annex 2).

9.3 Part-time work

Except where mentioned to the contrary in this Basic Publication, a staff member who works part-time shall receive a salary proportional to their working time.

9.4 Advance payments

A staff member may be granted an advance payment, on an exceptional basis, of up to one-half of his monthly salary only for the current month.

9.5 Personal loans

Personal loans are not granted to staff members. Neither will the BIML guarantee third-party loans to staff members. However, to make a large purchase such as an apartment or house, or to rent an apartment, etc., the staff member may request the BIML to attest to his employment.

9.6 Advancement in grade for seniority

The advancement for seniority, i.e. a move to the next grade up, shall be granted by the Director every two years, subject to satisfactory performance as determined by the annual performance evaluation.

9.6.1 Deferment or absence of advancement for seniority

The Director may decide to defer for up to one year the advancement for seniority of a staff member, if the staff member’s performance evaluation mentions unsatisfactory performance. The Director may decide not to grant the advancement for seniority as the disciplinary sanction set out in Chapter IX.

9.6.2 Entry into force of advancement for seniority

The advancement in grade for seniority enters into force on the date specified in the advancement notice.

9.7 Promotion

The promotion of a staff member other than the Director and Assistant Director(s) to a higher scale or a higher post may be decided at any time by the Director, if he considers it justified by the duties and performance of a staff member. The Director shall inform the CIML President in advance of any promotion of a staff member.

9.8 Annual objectives

9.8.1 Personal objectives

In January of each year or upon appointment of a new staff member, the Director shall discuss with the staff member his annual individual objectives. The Director shall assign the agreed objectives in writing. These objectives shall contribute to the performance of the program of work of the BIML.

Mid-year, or more often if deemed necessary, the Director shall keep the staff member informed, in writing, of his progress towards meeting these objectives. Individual objectives may be reassessed by the Director during the year if circumstances so require.

The objectives assigned to the staff member, their possible reassessment and any comments by the Director or the staff member on these objectives shall be attached to the annual performance evaluation report.

9.8.2 BIML objectives

In January of each year or upon any appointment, the Director shall present the BIML annual objectives to staff members and shall assign them in writing. These objectives shall contribute to the performance of the program of work of the BIML.

Mid-year, or more often if deemed necessary, the Director shall keep staff members informed, in writing, of their progress towards meeting these objectives. BIML objectives may be reassessed by the Director during the year if circumstances so require.

The objectives assigned to the staff members, their possible reassessment and any comments by the Director or by staff members on these objectives shall be reviewed at the end of each calendar year.

9.9 Performance evaluation

The purpose of this evaluation is to assess the staff member's work, efficiency, achievements and contribution to the mission of the BIML when performing his duties during the period under review. It also supports, where appropriate, 7.2.3 "Reasons for non-renewal of a fixed-term appointment" and 7.1.1 "Reasons for ending an indefinite-term appointment" and the adoption of the measures set out in 9.6 "Advancement in grade for seniority" and 9.7 "Promotion".

The evaluation shall take into account the staff member's job description and annual objectives.

In the fourth quarter of every year the Director shall draw up an evaluation report for each staff member. The staff member is provided with the evaluation report by the Director, who shall invite the staff member to discuss it and submit any written comments. The completed evaluation report is signed by both parties, dated, and a copy given to the staff member.

Chapter IV

Allowances and benefits

10 Allowances and benefits

10.1 Identity of allowances and benefits

Allowances and benefits to which staff members are entitled shall be

- activity allowances (10.5),

- Pension scheme allowance 10.9.

10.2 Non-accumulation

The allowances and benefits set out in this Basic Publication and similar allowances and benefits that the staff member or his spouse or partner is awarded from a source external to the BIML, on a personal basis or as a beneficiary of the main holder, shall not be accumulative. Any staff member who is a beneficiary of such allowances and benefits must inform the Director, in order that a corresponding reduction be made.

10.3 False statements

Any staff member who knowingly makes a false statement or who fails to inform the Director of information resulting in the receipt of an allowance to which he is not entitled commits a violation of these Regulations. He will be required to refund any sums so received and may also be liable to disciplinary action.

10.4 Allowances, benefits and part-time work

The amount of the installation allowance shall be

13.16 Therapeutic part-time

Following a period of sick-leave of six consecutive months or more for the same sickness, a staff member may be authorized by the Director to resume his duties on a part-time basis for therapeutic grounds for a period of three calendar months, renewable once. The total duration of the therapeutic part-time shall not exceed six calendar months for the same sickness.

Therapeutic part-time can be authorized when the resumption of work on a part-time basis is recognized as a possible means of promoting the improvement of the state of health of the staff member.

The therapeutic part-time shall be for no less than 50 % of full-time.

A staff member who is authorized to work on a part-time basis for therapeutic grounds shall be entitled to the *pro rata* amount of their salary.

The therapeutic part-time shall not suspend the periods mentioned in 13.10 and 13.11. Periods of therapeutic part-time service are considered as periods of full-time service for the calculation of all rights set out in the Regulations.

14.3 Post vacancy of a staff member on non-active status

The post of the staff member on non-active status shall fall vacant. The staff member shall be entitled to reinstatement in his grade and scale if (and only if) a post corresponding to his qualifications and experience is found to be vacant. But if the reinstatement turns out to be impossible upon expiry of the non-active period, the appointment shall be terminated on the last day of the non-active period. Salaries

The annual gross salary is determined by multiplying the BIML salary index point by the INSEE (French National Institute for Statistics and Economic Studies) “Consumer price index (monthly, all households, France, base 1998) – Overall” index.

The INSEE index (IINSEE) was fixed at 100 in December 1998.

Annual gross salary (Euros) = BIML salary index point × IINSEE.

The INSEE index value used by the BIML is determined quarterly and corresponds to the value of the last month of the previous quarter as published in the Official Journal of the French Republic.

The BIML's staff members are international civil servants. Their duties in this respect are exclusively international in character. When accepting their appointment, they shall pledge to carry out their duties and to regulate their conduct bearing only in mind the OIML's interests.

All staff members are subject to the authority of the Director who shall ensure their safety, well-being, employment and work conditions.

When carrying out his duties, a staff member shall neither seek nor accept instructions from any Government, authority, organization, individual or corporate body external to the OIML.

A staff member shall conduct himself in all circumstances in a manner befitting his status as an international civil servant. He shall avoid any action, and in particular, refrain from making any public statement which may adversely reflect on the international civil service or which could conflict with the integrity, independence and impartiality required by his status. He does not have to give up his national perspectives or his political or religious views, but he shall at all times conduct himself with the discretion and tact incumbent upon him by virtue of his international status.

A.3.2 Political activities

A staff member may vote or join a political party, but shall not engage in any political activity which is inconsistent with, or which could lead to question, the independence and impartiality required by his status as an international civil servant.

In particular, he shall abstain from any political activities and, in general, from any action or public statement and publications, if these activities, statements and publications are inconsistent with his duties and obligations as an international civil servant or are likely to incur liability for the BIML.

A.3.3 Other activities

Apart from the fulfillment of his duties at the BIML, a staff member shall not carry out any other duties, nor hold any regular or paid position, if these activities interfere with the fulfillment of his professional duties or are inconsistent with the OIML's interests or with his status as a BIML staff member.

A.3.4 Incompatibilities

A staff member shall not hold, directly or indirectly, financial assets in any entity, if these interests could by their nature jeopardize his independence in the discharge of his duties at the BIML.

A.3.5 Discretion

A staff member shall exercise the utmost discretion in regard to any matter relating to the BIML's activities. Except in the discharge of his duties or with the prior authorization of the Director, he shall not disclose to anyone or use for his personal benefit, any unpublished information known to him by reason of his duties. This obligation shall continue after he has left the BIML.

A.3.6 Honors

A staff member shall not accept any honors from a Government or other entity external to the BIML which may jeopardize his independence.

A.3.7 Gifts and gratifications

A staff member shall not accept gifts or gratifications from governments, organizations, firms or any other entity maintaining relations with the BIML which may jeopardize his independence or lead to doubts as to his integrity.

A.3.8 Use of the BIML's properties, premises, name or emblems

Any use by a staff member of the name and emblems of the OIML for private purposes is prohibited.

A staff member shall not use the properties and premises of the BIML for private purposes without the prior approval of the Director.

A.3.9 Intellectual property

All intellectual property rights, including copyright and patent rights, in any work produced by a staff member within the scope of his duties, or in relation to such duties, shall remain the property of the OIML.

A.3.10 Privileges and immunities

The privileges, immunities or facilities set out in the *Accord de Siege* between the OIML and the French Government are granted to staff members in the interests of the BIML and not to their own advantage. They shall not excuse staff members from fulfilling their private obligations, nor from the strict observance of the law in force at the place where they are serving.

Whenever these privileges and immunities are questioned, the concerned staff members must immediately inform the Director.

Annex 4

Mission and travel

A.4.1 Mission orders and travel

As soon as the staff member is informed of a planned mission, he shall submit to the Director a mission order including

- a) the foreseen dates of the mission/travel (outward and return journeys),
- b) the destination of the mission/travel,
- c) the purpose of the mission/travel,
- d) the welcoming body and its address / the address of stay,
- e) the planned departure and return dates,
- f) any need to purchase a modifiable ticket and the motivation for such a request,
- g) the reduced fares, if any, to which the staff member is entitled on a personal basis, and
- h) the accommodation already identified or imposed on him by the welcoming body and the rate per night (specifying if partial board is included).

A.4.2 Validation, rejection, postponement

Within seven working days of receipt of the mission order, the Director shall validate, reject or postpone the mission order.

When validating, the Director or his representative may modify the parameters of the mission order. The validated mission order shall be copied to the Administrator, Finance.

A.4.3 Conditions and proposals

Within ten working days of the receipt of the validated mission order, the staff member shall propose the transportation mode, accommodation, timetable, and fares following the principles below:

- a) the most economical journey is preferred, taking into account travelling time and modifiable tickets, and subject to the following provisions;
- b) the journey shall include no stops between the stations and airports servicing the BIML and the destination's nearest airport or station, unless justified by professional motives or they allow a reduction of the expenses incurred and the journey's length is not noticeably modified. The journey can include a week end, if this results in a reduction in overall costs (accommodation and transportation included);
- c) a staff member may be authorized to travel directly from home to the stations and airports servicing the BIML, without coming first to the BIML;
- d) the journey by rail shall be in 1st class (when available), whatever the length and destination. Where possible, the journey shall be by air if the journey's duration by rail is more than six hours;
- e) the journey by air shall be in economy class, except when any one section airtime of the journey's duration is over seven hours. In this case, Economy Plus may be authorized. A modifiable ticket may be granted where there is an actual uncertainty about the dates and/or duration of the mission. Incurred taxes shall be paid by the BIML;
- f) luggage necessary for the mission and in excess of allowances shall be paid by the BIML, subject to submission of invoices and evidence of payment;

- g) the air and rail companies are selected in accordance with the above-mentioned principles and after due consideration of the list of airlines banned within the European Union;
- h) the accommodation shall take into account the mission order, any accommodations already identified or imposed by the welcoming body, and the nightly rate (specifying whether half-board is included);
- i) a journey for personal motives may be joined to a mission and journey for professional motives. In this case, any extra fare for the journey for personal motives shall not be reimbursed by the BIML to the staff member;
- j) any person may accompany a staff member on a journey, but does so on a personal basis only. No costs incurred for the journey directly attributable to the accompanying person will be reimbursed to the staff member by the BIML. No liability for the accompanying person of a staff member on travel during any journey is incurred by the BIML.

A.4.4 Cancelled journeys

The BIML shall pay for new tickets in the following cases:

- a) if the cancellation of the mission is decided by the Director or by the welcoming body;
- b) if a force majeure event, i.e. unpredictable, irresistible and beyond the control of the staff member prevents him from travelling;
- c) if the flight or journey is canceled by the airline or the rail company;
- d) if the planned connecting flights were rendered impossible by airline or rail company delays.

However, if the need to purchase new tickets originates solely as a result of the behavior of the staff member, the BIML reserves the right to claim reimbursement from the staff member of such tickets.

A.4.5 Use of personal vehicles

Where a mission is within a journey time of eight hours of the BIML, if the staff member wishes to use his own vehicle he shall receive an indemnity per kilometer set out in the circular of the French Republic for the current year.

A.4.6 Mission and non-working days worked

The mission may include weekends if economically justified or needed for the mission's fulfillment. A staff member shall be entitled to compensatory leave for the time accumulated.

A.4.7 Per diem and mission fees

A staff member on a domestic or international mission shall be entitled to a subsistence indemnity per day (per diem). The per diem indicated in the International Civil Service Commission (ICSC) website must be calculated to exclude accommodations as indicated by the values given for each particular location. Refer to <http://icsc.un.org/rootindex.asp>

The per diem may be proportionally reduced for each mission period less than twenty-four hours. Where the catering services are paid by the hotel or the welcoming institution, the per diem shall be reduced by 10 % for breakfast, 20 % for lunch and by 40 % for dinner. If all meals are provided, per diem shall be reduced by 70 %.

The per diem may be paid into the account to which the salaries are paid to the staff member or another account indicated by him. No evidence of expenditures shall be required.

The following mission fees shall be reimbursed, in addition to the per diem, subject to the submission of receipts and a mission report within 30 working days following the day on which the staff member returns from mission:

- a) the fees related to receptions and dinners organized for the mission, if not included in the general fees paid by the BIML before the mission;

- b) registration fees to attend a conference or seminar;
- c) accommodation fees (including breakfast and laundry fees incurred during missions, taking account, where applicable, of the reduction in the per diem detailed above);
- d) transportation fees.

The BIML shall reimburse, upon submission of receipts and a written note to justify expenditures:

- a) expenditure needed for the mission's fulfillment (e.g. communications, internet connections and invitations);
- b) expenditure not listed above and which, due to exceptional circumstances, was required to be paid by the staff member.

Expenses incurred in a currency other than the Euro are reimbursed at the exchange rate on the date of payment of the actual expense. Refer to <http://www.xe.com/ucc/> If paid with a credit card belonging to the staff member, an adjustment may be made, if need be, between the justified expenditures and the actual bank debit, upon submission of the debit memo of the bank holding the staff member's account.

At the discretion of the BIML Director, any staff member who travels frequently may be entitled to a BIML credit card which may be used uniquely to pay for expenses incurred while on his mission work.

Annex 5

Teleworking

A.5.1 Authorization procedure and material organization

A staff member wishing to telework shall submit a written request to the Director for a teleworking trial period. If this is accepted by the Director, the staff member will be required to sign an agreement stipulating

- a) the teleworking location,
- b) the teleworking day(s),
- c) the teleworking hours,
- d) the equipment made available to the staff member by the BIML,
- e) the date the teleworking takes effect,
- f) the duration of the teleworking trial period, and
- g) the date on which the teleworking terminates.

At the end date of the teleworking trial period the Director will determine whether the teleworking agreement will be made permanent. The teleworking agreement may be terminated at any time by the Director, or by the staff member, subject to ten working days' notice. The agreement shall lapse automatically if the teleworking location changes.

The BIML may bear the cost of purchasing computer equipment and software. This computer and software is and shall remain the property of the BIML. The staff member shall ensure that the BIML's equipment made available to him by the BIML shall not be used for any other purpose than the performance of his duties. He shall take all steps necessary to guarantee the security of access to professional data and the confidentiality of information exchanged between him and the BIML.

The staff member shall be responsible for ensuring that the work area at the home complies with all work and safety requirements.

A.5.2 Provisions applicable to staff members authorized to telework

Annex 7

Pension allocation

A.7.1 A staff member is eligible to participate in the general pension system (Régime général) of the French Social Security. The Organization shall pay the contributions that are payable by the employer, and the staff member concerned shall pay the contributions that are payable by the employee.

A.7.2 A staff member who is entitled to the expatriation allowance as described in 10.8.1 may alternatively choose to participate in a Régime spécial of the French Social Security. In this case they shall receive a monthly indemnity equal to the total amount of the employer contributions that the BIML would be required to pay for that staff member to the general pension system of the French Social Security.

An example of this allocation using the levels of contributions for December 2013 is given below:

If the staff member was in the Régime général of the French Social Security pension system and also contributed to the complementary retirement organization (IRCANTEC), the employer's share of the contributions is as follows:

- Assurance vieillesse =
8.40 % of the Social Security "plafond" + 1.60 % of the gross salary,
- IRCANTEC =
3.53 % of the Social Security "plafond" + 11.70 % of the difference between the gross salary and the Social Security "plafond".

A.7.3 Pension rights acquired by a BIML staff member under any previous contract shall continue to be honored according to the rules and regulations of the Staff Regulations in effect during the time of that contract.

Annex 8

Health at work

The BIML, as per requirements of the French Social Security System, subscribes to a service for health at work.

This service provides the BIML with an inspection of its facilities at 11 rue Turgot with respect to the health and safety of the staff members at the BIML. It also provides them with a systematic medical check-up to verify the staff member is able to work and does not encounter any health issues related to working at the BIML.

This service is paid for by the BIML.
