1 Introduction

1.1 OIML B 18 *Framework for the OIML Certification System (OIML-CS)* [1] establishes the rules for a framework for the OIML-CS. OIML B 18 [1] is supplemented by Operational Documents OD-01 [2] and OD-02 [3], and Procedural Documents PD-01 to PD-08 [4]-[11].

1.2 The Maintenance Group (MG) of the OIML-CS Management Committee (MC) is responsible for developing and maintaining the OIML-CS documents. The MC approves the Operational Documents and Procedural Documents, and the International Committee of Legal Metrology (CIML) approves OIML B 18 [1].

1.3 To avoid multiple editions of the OIML-CS documents where potential improvements or modifications have been identified, this document has been developed to provide a single point of reference for clarifications and interpretations of the OIML-CS documents. This document has been developed by the MG and approved by the OIML-CS MC. From time-to-time, the clarifications and interpretations will be incorporated into a new edition of the relevant OIML-CS document.

1.4 The OIML-CS documents are available from the OIML website at:
