Request for comments on:

OIML R 139 “*Compressed gaseous fuel measuring systems for vehicles*”

1CD Part 1: Metrological and Technical Requirements

1CD Part 2: Metrological controls and performance tests

Dear colleague,

Please be informed that within the scope of revision of OIML R 139-1 “*Compressed gaseous fuel measuring systems for vehicles*” I herewith am happy to inform you that the first Committee Drafts of Part 1 and Part 2 have been published on the TC 8/SC 7 website pages in marked versions (TC 8/SC 7/035/1CD (R139-1)) and (TC 8/SC 7/036/1CD (R139-2)) showing the differences between the present the 1WD’s (TC 8/SC 7-p4a resp. TC 8/SC 7-p4b) and these 1CD’s are published on the TC 8/SC 7 website pages.

The present 1CD’s are the result of the implementation by the secretariat of the amendments requested through comments received on the 2 WD and agreed upon in the discussions during the WG meeting held in June 2010 in Delft (NL).

For more detailed information on the revision, please refer to the temporary **Explanatory Note** in the first Committee Draft R 139-1 and the compiled comments and meeting results presented in the document:

TC 8/SC 7/040/MT. The latter document comprises a compilation and overview of developments in the several stages in the preparation phase. It still contains some remarks on details to deal with or where input is expected.

As requested by the WG it was attempted to align with the R117 requirements for dispensers. These efforts will need to be continued in the future work while R117 is in revision.

For your convenience and for readability reasons also an unmarked “clean” version of the 1 CD’s is published. (TC 8/SC 7/035/1CD clean resp. TC 8/SC 7/036/1CD clean).

Please send your **comments** on the draft (using the enclosed comments form in “MSWORD”: (TC 8/SC 7/038/FC resp. TC 8/SC 7/038/FC) at your earliest convenience and **no later than 6 August 2012** either by normal mail or by e-mail to:

Verispect B.V.
Department of Legal Affairs
Att. Mr. George Teunisse,
PO Box 654
2600 AR Delft
The Netherlands

Thank you very much in advance for your cooperation.
With kind regards,

George Teunisse
